

Houdini the Amazing Caterpillar

Houdini, a classroom caterpillar who loves an audience, performs his most amazing trick of all in this magical picture book. Houdini the caterpillar loves the spotlight. And he has the best audience any performer could ask for: a classroom full of children. But when his usual tricks stop amazing his audience, Houdini needs to come up with a new act something bold and colorful, something daring and surprising. Something his audience won't want to miss! What could it be? Kindergarteners won't be surprised by Houdini's final feat after all, caterpillars and butterflies are in the curriculum of almost every kindergarten class in the country. And the book includes an Authors Note explaining the metamorphosis process.
