

## Pips Magic

Pip the salamander is afraid of the dark. Believing that magic might help him, Pip searches for Old Abra the wizard, following his trail into the woods, through a tunnel, and into the night-and discovers that the strength to conquer his fear was within himself all along. The brilliance of Walshs illustrative palette and the joyful way her characters explore the pages bring a light-heartedness that delivers the message with enchantment.-Childrens Book Review Magazine
