

Planes (Picture Puffins)

In the same vein as Rockwells earlier books Boats, Cars, and Trucks this new title presents various types of planes to the very young child. The artist uses clear, bright colors to depict the planes that, in this case, fly in a world inhabited entirely by rabbits a very useful introduction to aviation. The Horn Book Simple text and illustrations introduce different types of airplanes in a world where rabbits soar, swoop, and pilot a range of skyworthy aircrafts.
