

## Robert De Niro

Most moviegoers associate actor Robert De Niro with adjectives like intense, violent, streetwise, and brooding. It is an image that De Niro has carefully nurtured over the last fifty years of his career. He used gesture, voice, and, most importantly, his mesmerizing eyes to convey to the audience the disturbing emotions with which he imbued his characters, from his earliest films like Mean Streets through classic portraits of violent, disaffected men like Travis Bickle in Taxi Driver and Jake La Motta in Raging Bull to the maniacal father in Meet the Parents. For in De Niro's world, art and reality are often indistinguishable. . Movie Icons is a series of photo books that feature the most famous personalities in the history of cinema.
