

Treasure Hunt: At the Zoo

There are so many animals to see on a trip to the zoo how many lions can you count? This seek-and-find book has five big, fold-out pages, each one featuring animals from a different habitat, such as the jungle or the desert and all packed with photographs of animals to look for, find, and count. A great book for adults and children to share that helps develop multiple early learning skills including counting, matching, and observation.
