

## Secrets of the Early Church... What Will It Take to Get Back to the Book of Acts?

How do we get back to New Testament Christianity? What are some of the key things that keep the church trapped in unbiblical ways and patterns? Is it true that we have invented a Christianity today that is utterly different from the Bible? Are church buildings in Scripture? What about tithing, or the practice of accepting Jesus into our heart? Is this the Bible way of becoming a Christian? Is the Prosperity Gospel found in Scripture? What about one-man pastors or theological seminaries? Just how much of our church system today is actually based on the Bible? And what would we need to leave behind in order to get back to the early church? All these questions and more are answered in this provocative book. Not for the faint-hearted - this book tackles these burning issues with brutal honesty and thorough biblical research. Take a read if you dare! Andrew Strom is an international speaker and author, founder of RevivalSchool.com and the international REVIVAL List.
