

## Six Little Chicks

The sun looks down on a beautiful day. Five little chicks come out to play ...Sparkling rhythmic text, a clever plot, and adorably detailed illustration are the markers of award-winning childrens author Jez Alboroughs latest book, Six Little Chicks. Mother Hen has five little chicks to take care of--and shes also concerned about one more egg that hasnt yet hatched. Meanwhile, the sneaky fox is on the prowl. Can Mother Hen keep all her chicks--and that sixth egg--out of danger? The ensuing adventure is filled with suspense, surprises, and more than a few big laughs. Children will want to hear the story of Mother Hen and her brave little chicks over and over again. Best-selling author Jez Alborough knows a thing or two about great childrens books. In 2000 Jez created Hug - a powerful book of only three words about a baby chimpanzee called Bobo who loses his Mom. Oprah Winfrey raved about it on her show and chose it for her recommended reading for children. Bobo went on to star in two more classics: Tall (which along with Hug won the Oppenheim Toy Portfolio Platinum Book Award) and Yes. The series has sold 1.76 million copies.
