

## Small Elephants Bathtime

Small Elephant likes water ... but not when its in a bath. Small Elephants mommy tries to make the bath more fun with toys and bubbles, but he is not fooled. He is too busy to take a bath. He has said no many times. He is getting very cross. And then he disappears! (Elephants who cannot be found cannot take baths.) But Small Elephants daddy has a way to make the bath fun. He may look silly doing itbut it just might work! With spare text and sprightly illustrations, Tatyana Feeney, three-time author of gently funny books for the youngest readers, takes on another very important toddler topicbathtime!
