

Songs Only You Know: A Memoir

Eighteen-year-old Sean Madigan Hoen was struggling to keep his involvement in the city's hardcore punk scene a secret from his family. Then he learned that his father, too, had a second life as a crack addict. *Songs Only You Know* begins in the 90s and spans a decade during which the family fights to hold itself together. Sean's father cycles from rehab to binge, his heartsick sister spirals into depression, and his mother works to spare what can be spared. Meanwhile, Sean seeks salvation in a community of eccentrics and outsiders, making music *Spin* magazine once referred to as an art-core mindfuck. But the closer Sean comes to realizing his musical dream, the further he drifts from his family and himself. By turns heartbreaking and mordantly funny, *Songs Only You Know* is a fierce, compassionate rendering of the chaos and misadventure of a young man's life. From the Hardcover edition.
