

Sports Illustrated Kids Football: Then to WOW!

See how all aspects of football have evolved in this highly visual book filled with history and trivia about the game. You'll see a football transform before your eyes from a melon-like ball crudely stitched together to the aerodynamic pigskin it is today; or watch as a quarterback evolves from a scrawny helmetless player of the 1930s to a hulking play caller of the modern era. From rules to equipment to the all-time greats, this book is a journey through the game spanning the years
