

## Steal Away the Night: An Ozzy Osbourne Day-by-Day

Steal Away the Night: An Ozzy Osbourne Day-by-Day aims to add to the shockingly slight representation of all things Oz-man in book form with celebrated metal expert Martin Popoff plotting the crazy 30-plus-year run of rocks most adorable madman, day by day, milestone after milestone, the hirings, the firings, the rehabs and relapses, the bats, the doves, Zakk Wylde, and most seriously, the tragic death of Randy Rhoads in a fly-by prank gone wrong. Adding to the considerable textual substance of the tome (which promises to leave no Oz-related scrap of trivia unearthed) is a running oral history of the band, making use of Popoffs extensive interview material with Ozzy plus various band members and producers (along with press quotes), augmented by an explosion of garish imagery culled from the bands record sleeves, live shows, ads, and memorabilia. Indeed, Ozzy's shock-rock visuals are some of the flashiest in the biz, making each page of Steal Away the Night: An Ozzy Osbourne Day-by-Day explode with heavy metal power.
