

Touchdown! My Football Book

Try to take this away from a toddler, and prepare to get tackled! Artist David Diehl celebrates gridiron action in a conceptual board book that puts the spotlight on one football-related word per page. Strikingly designed, with bold graphics and exuberant colors, it brings children right onto the field. Whether its the offenses fumble, the quarterback throwing, or the snap that starts the play, all Diehls illustrations capture the excitement, energy, and intensity of the sport.
