

Unexpected Tails

Texas fine artist Ros Hills collection of oddly whimsical animal illustrations, with droll captions to delight collectors and inspire children to imaginative play - a new talent in the tradition of Shel Silverstein and Chris Van Allsburg. Welcome to an Africa where zebras lose their stripes, lions sleepwalk, and ostriches mingle like spaghetti. Unexpected Tails is more than a collection of clever surprises. It is a happy jumble of skewed perspectives that are guaranteed to have you smiling from page to page. After all, it's not every day that you get to see how an animal creatively (and dangerously) flosses his teeth.
