

Art of War without the BS [noted removed]

This is the pared down, no BS version of Sun Tzus Art of War. This has none of the commentary most version have. Having someone spoon-feed you the Art of War is contradictory to its nature. Read it, ponder it and reach your own conclusions. Almost everyone who reads this book will not participate in War. Most will try to apply the concepts to business. Some concepts will translate directly to business, however most will need metaphoric interpretation. Hence, the commentary is of no use. Enjoy this in its pure form.
