

Cookbook for Babyled Weaners

Weaning is the process of introducing solid foods to your baby. Babyled Weaning is when you skip the purees and go straight to real, or finger foods. Baby feeds him or herself! Whether you are dedicated to Babyled Weaning or just a busy parent and realize its easier to offer whole foods, then these recipes are for you! A main premise (and big benefit!) of Babyled Weaning is to feed the baby family meals, so you dont have to go to a lot of effort to make separate baby food. The whole family should enjoy many of these simple recipes. - Bon Appetit!
