

The Good Dog

Discovering that sometimes you have to be a little bad to be very good, Tako the puppy makes a brave choice in this adventure tale and proves that heroes come in all shapes and sizes. When 8-year-old Ricky Lee finds a puppy on the side of the road, he takes him home and names him Tako. Rickys mom and dad agree to let Tako stay under one condition: he must be a good dog who always follows the rules or its off to the pound he goes. Tako wants more than anything to be a good dog and stay with Ricky, but when the Lees open Happy Family Bakery and a competing store owner sets out to sabotage the shop, Tako has to break the rules to protect Ricky and his family.
