

Little Rabbit and the Night Mare

One night, while Little Rabbit is sleeping, a very scary creature appears in his dream. Little Rabbit is so worried about the night mare that he can't eat or sleep--and he certainly can't work on his school report that's due at the end of the week. He makes signs. He builds traps. But nothing keeps that night mare away ... until Little Rabbit dreams up a brave and brilliant solution. Kate and Sarah Klise have created a heart-meltingly sweet story that will empower kids everywhere to face their fears.
