

John Lennon: The Life

Phillip Norman, whose 1981 classic *Shout!* is considered the definitive biography of The Beatles, returns with *John Lennon: The Life*. This New York Times bestseller is an intimate look at the troubled genius who along with Paul McCartney, George Harrison, and Ringo Starr changed the shape and sound of popular music forever. From his early Liverpool days and heartbreaking childhood tragedies through the heady roller-coaster ride that was The Beatles and far beyond his prolific post-Fab Four career, his turbulent marriage to Yoko Ono, his peace crusade, and his shocking death on the New York City streets *John Lennon: The Life* is a remarkably fair and honest, utterly enthralling study of an achingly human rock legend.
