

## The Perfect Gangster

His body shakes violently, and he realizes he is lying on the floor staring ahead into the darkness under his bed. He tries to clear the fog that is invading his mind and ignore the strange sensation (is it pain?) in his chest. The extraordinary, sometimes violent, life of DJ Necterr is chronicled in his autobiography, *The Perfect Gangster* a journey from the deadly streets of Chicago to the top of the hip hop industry. A tiny kid who witnessed the murder of his brother but went on to work with some of hip hop s greatest like Jay-Z and Dip Set, Necterr s story is filled with blood, guts, drugs, and prison. But it s also filled with love, redemption, and success. Necterr holds nothing back in these pages, as he shares the secrets and inner workings of the world s most dramatic music industry, including the betrayal he suffered at the hands of Lil Wayne (who ended up in prison for something else.) Read tales of Juelz Santana, Memphis Bleek, Lloyd Banks, and the gritty world of drugs and the police. Find out what it takes to live the ups and downs of a 10-year-old break dancer, school DJ, runaway, and drug trafficker who finally turns his life around to become *The Perfect Gangster* a hip hop artist who tours the country as a promoter and a promising act in his own right.
