

For Biddles Sake (Princess Tales)

There she was, chartreuse and warty and smiling at him. Such a nice smile. Something in his heart fluttered. The young maiden, Parsley, will eat nothing but parsley, which in Snettering-on-Snoakes grows only in the fairy Bombinas garden. All is well -- until Bombina is released from the fairy queens dungeon. Her crime? Failing to get along with humans. And turning them into toads! Meanwhile, twin princes Randolph and Rudolph are causing trouble at Biddle Castle and pinning everything on their younger brother, Tansy. Prince Tansy cares about Biddle. Randolph and Rudolph don't. But one of the twins will be king, unless Prince Tansy accepts help from a green Biddlebum Toad! A delightful retelling of the little-known German fairy tale Puddocky, this fifth Princess Tale from Newbery Honor author Gail Carson Levine shows that nothing is quite as it seems and that anything is possible, with a dash of magic and a barrel of love.
