

Quest for Charles Rennie Mackintosh

Charles Rennie Mackintosh can be described as the greatest-ever Scottish architect, a water colourist of genius or a capricious interior designer with a flair for unstable furniture. He is all of these things, but he is also an enigma - an almost impenetrable figure in the history of Scottish art and architecture. John Cairney tells of the working life of Charles Rennie Mackintosh as well as the beautiful love story which tragically ended with his sudden death at the age of 60.
