

Too Tall for Annie

This is a true story. It tells how a young, Welsh girl, with no previous theatrical experience found herself in the West End production of ANNIE. It is written with a young reader of between 8 and 14 yrs in mind, but would be of interest to anyone who has ever dreamt of being on the stage or has children who dream of such things. The diary extracts are straight from the hand of twelve year old Cathy, saved for exactly this purpose.
