

Treecat Wars (Star Kingdom (Weber))

New York Times and Publishers Weekly Best Selling Young Adult Series. Book Three by international writing phenomenon David Weber. Two young settlers on a pioneer planet seek to stop a war and to save the intelligent alien treecats from exploitation by unscrupulous humans. The fires are out, but the troubles just beginning for the treecats. On pioneer planet Sphinx, ruined lands and the approach of winter force the now Landless Clan to seek new territory. They have one big problem: there's nowhere to go. Worse, their efforts to find a new home awaken the enmity of the closest treecat clan: a stronger group who's not giving up a single branch without a fight. Stephanie Harrington, the treecats' greatest advocate, is off to Manticore for extensive training and up to her ears in challenges there. That leaves only Stephanie's best friends, Jessica and Anders, to save the treecats from themselves. And now a group of xenanthropologists is once again after the great secret of the treecats: that they are intelligent, empathic telepaths and their agenda will lead to nothing less than treecat exploitation. Finally, Jessica and Anders face problems of their own, including their growing attraction to one another. It is an attraction that seems a betrayal of Stephanie Harrington, the best friend either of them have ever had. About Treecat Wars prequel, Fire Season: I loved it. A thrilling, edge-of-the-seat read I couldn't put it down! Tamora Pierce, author of New York Times best-selling Beka Cooper series.
