

## Chemical Safety Data Sheets: Volume 4 - Toxic Chemicals Part a (A-L)

This series of publications provides the information needed to accurately assess the risks involved in the handling of chemicals and the steps required to prevent accidents. The data sheets are clearly and systematically presented, providing an ideal reference format for quick scanning and assessment. Each volume in the series covers a group of chemicals of particular interest. Every data sheet contains the following information: Name; Structure; Risks; Safety Precautions; Identifiers; Limit Values; Physical Properties; Packaging and Transportation; Manufacture; Uses; Chemical Hazards; Biological Hazards; Carcinogenicity; Mutagenicity; Reproductive Hazards; First Aid; Handling and Storage; Disposal; Fire Precautions; Further Reading; Extensive References. Chemical Safety Data Sheets are an essential source of reference for everyone concerned with chemical safety.
