

Waiting for the Magic

People may drift apart, but love can hold them together. A touching tale of pets and family told in the venerable spare and moving style of Newbery Medalist Patricia MacLachlan, author of *Sarah, Plain and Tall* (Booklist). When Williams' father leaves, his mother promptly goes out and adds four dogs and a cat to their lives. Williams is sure that nothing can fill the hole left by his father, but the new additions to the family are determined to help. With his sister, Elinor, and his mother, William will learn that family can come in all shapes and sizes, because sometimes we find love through magic, and sometimes that magic is all around us.
