

## What Does Islam Say?

What does Islam Say? was developed as a result of the many inquiries received by the Muslim Educational Trust from students seeking knowledge about the Islamic viewpoint on today's major issues and talking-points for their project work. The book covers issues as diverse as music, racism, abortion, Aids, and many others. This informative book has proven to be of interest to people of all ages who want to know more about their faith, which these days is the subject of many news reports. No book on Islam is entirely comprehensive and so there are areas and topics not covered in these pages. In some cases, readers are given a taste of subjects that deserve extensive further study.
