

Ships (Wonderwise)

This series covers a wide range of subjects and is presented in the David Salaryia style. These books will broaden childrens understanding and appreciation of the world around them, and provide answers to a host of intriguing questions. Cars takes the reader on a journey from the development of the first cars, through to modern cars. Topics include racing cars, the mechanics behind how a car works and todays manufacturing methods. Ships explores the history of ships from wooden rafts and ancient war ships to submarines and modern passenger ships.
