

Waiting Through Winter

The animals are preparing to hibernate. The bear has been building up his fur, the squirrels have been gathering nuts in their home, and the birds are buckling down for a cold winter. And they are all willing to wait because they are all looking forward to the day when spring breaks. Jason Farley's poem, accompanied by the beautiful pen and watercolor illustrations of Jessica Linn Evans, show a bear, a family of squirrels, and birds that all trust that Spring will come after winter.
