

Peeps at Many Lands: Ancient Greece (Yesterdays Classics)

Through the eyes of a traveler to ancient Greece, we see how, by reason of geography, Greece became a land of city states. After examining several different city states and their land and naval forces, we watch all Greece come together for the Olympic games. Turning our attention to Athens, we marvel at the theatre, architecture, and sculpture of the age of Pericles. Attractive black and white illustrations complement the text. Suitable for ages 9 and up.
