

## Youre Pulling My Leg!: 440 Human-Body Sayings from Head to Toe

Hip, hip hooray! Street and Brace have put their heads together and came up with a book about idioms that hits the topic right on the nose for elementary school students and English language learners. This handy volume allows readers to have hundreds of idioms at their fingertips so they can stay on their toes. The rib-tickling jokes, eye-catching illustrations and an overall lighthearted approach will have kids smiling from ear to ear, if they aren't already too busy laughing their heads off at the book's knee-slapping humor.
